

Provide buffered bike lanes in under-utilized area of Park Circle for safe access to Prospect Park from NYC Greenway system.

Replace footbridge and surrounding structure with pedestrian- and bicycle-friendly street-level crossing; utilize liberated area for small park or playground.

On-demand horse crossing to ensure safe access for equestrians to Prospect Park from stables.

FORT HAMILTON PARKWAY

BICYCLE PATH

HORSE PATH

PARK CIRCLE

Stop signs and / or speed tables on Ocean Parkway Service Road will calm traffic and create a safer environment for horses and pedestrians crossing to Park Circle. A dedicated left turn signal on Caton Avenue will encourage vehicular traffic on wider streets where there are fewer potential hazards.

Transform painted medians into planted medians on Park Circle and allow for Greenmarkets on unused portions of the roadway.

PROSPECT EXPRESSWAY
OCEAN PARKWAY SERVICE ROAD

Re-zone to protect existing single and two-family homes.

Re-zone to allow development of low-rise residential and local retail shopping.

Bulb-outs on wide intersection for improved pedestrian safety and traffic calming across truck route.
